

IUCEE News and Updates

OBE Workshop and Course

IUCEE Outcomes Based Education (OBE) Course has been started with a face-to-face workshop at BMS College of Engineering, Bangalore on Aug 2-3, 2015 with 180 participants. This is Phase 1 of a Certification Course which will be followed by Phase 2 in blended on-line format and Phase 3 face-to-face Valedictory Session at ICTIEE 2016 on Jan 10, 2016.

EPICS Workshops and Course

IUCEE-EPICS Course: "Integrating Projects and Design into Core Engineering Courses: Enhancing Learning and Preparing Professionals" has been started with 3 one-day workshops by Prof. Bill Oakes of Purdue University on June 16 (JRE College of Engineering, Gr, Noida), June 17 (Gujarat Technological University, Ahmedabad) and June 20 (BMS College of Engineering, Bangalore) with 145 participants attending. This will be followed by Phase 2 with blended on-line modules and a Phase 3 face-to-face Valedictory Session at ICTIEE 2016 on Jan 10, 2016.

ICTIEE 2016

The Third International Conference on Transformations in Engineering Education (ICTIEE 2016) will be held at College of Engineering Pune (CoEP), Pune from January 8 to 12, 2016. Please visit <http://www.ictiee.org/>. This site will be regularly updated with details. In particular, please see the Call for Papers at <http://www.ictiee.org/call-for-papers/>. The submission portal is open at <https://cmt.research.microsoft.com/ICTIEE2016/Default.aspx>

We have proposed 6 tracks:

1. Governance and Leadership
2. Industry Academy Partnerships
3. Innovation and Entrepreneurship
4. Teaching and Learning Innovations
5. Outcomes Based Education
6. On-line Engineering Education
7. Encouraging women in Engineering
8. Engaging Student in Transforming in their Own Education

The major activities at ICTIEE 2016 are

Jan 8-10: Indian Student Forum (organized by SPEED India)

Jan 9: Preconference workshops by Sponsors

Jan 10: Preconference workshops by global and Indian experts along the six tracks

Jan 11 & 12: Plenary Sessions global and Indian experts along the six tracks

Jan 11 & 12: Papers submitted by participants along the six tracks

IEDC Global Summit 2015

Indian Engineering Deans Council is holding its Global Summit on "Engineering Education- Current Scenario and Future Prospects" in Chennai from July 31 to August 1, 2015

Details at <http://www.iedc2015.in/#>

IIEECP Second Pilot

IUCEE International Engineering Educator Certification Program (IIEECP), sponsored by IGIP, Austria and Microsoft will launch its second Pilot on September 14-17, 2015 with a Phase 1 face-to-face Orientation followed by Phase 2 blended on-line modules and a Phase 3 face-to-face Valedictory Session in June 2016. The first Pilot was successfully completed with 29 participants in June 2015.

WEEF 2015

World Engineering Education Forum, sponsored by IFEEES (International Federation of Engineering Education Societies) will be held from Sept from 20-24, 2015 at Florence, Italy. Details at <http://www.weef2015.eu/>

GEDC 2015

Global Engineering Deans Council will be held from Nov 30 to Dec 2, 2015 at Adelaide, Australia See details at <http://www.aomevents.com/gedc2015>

ASEE 2015

IUCEE in collaboration with India Chapter of ASEE participated as a Partner Organization at the ASEE International Forum at the ASEE Annual Conference, Seattle, June 14-17, 2015. See details at <https://www.asee.org/conferences-and-events/conferences/international-forum/2015>

SPEED India:

Global Student Forum (GSF 11) will be conducted from Sept 17-24 in Florence, Italy. <http://www.worldspeed.org/portal/index.php/event/upcoming-events/11th-gsf.html>
Several members of SPEED India will be participating.

Indian Student Forum (ISF 2016) will be conducted in conjunction with ICTIEE 2016
Look for details at <http://www.ictiee.org/>

18 Regional Student Forums 2015 have been conducted/or to be conducted this semester:

- July 18-20 at HITAM, Hyderabad, TS
- July 21-23 at BVRIT, Hyderabad, TS
- July 21-23 at DCE, Gurgaon, HR
- July 23-25 at GPREC, Kurnool, AP
- July 27-29 at MVJCE, Bangalore, KN
- July 27-29 at BHGCET, Rajkot, GJ
- July 31 at Aug 2 at RIT, Islampur, MH
- Aug 3-5 at VJIT, Hyderabad, TS
- Aug 6-8 at SREC, Warangal, TS
- Aug 20-22 at SGGI, Kolhapur, MH
- Aug 21-23 at NMIMS, Shirpur, MH
- Aug 24-26 at SITT, Tumkur, KN
- Sept 9-11 at Amity U, Noida, UP
- Sept 12-14 at RKU, Rajkot, GJ
- Sept 17-19 at KLU, Vijayawada, AP
- Sept 19-21 at MCET, Kerala, KL
- Sept 25-27 at PSGCT, Coimbatore, TN
- Sept 28-30 at ITMU, Gurgaon, HR

For any additional information about any of the above please send email to Sridhar Nori, Manager IUCEE Virtual Academy, sridharn18@gmail.com

IT PARTNER IN YOUR OBE & ACCREDITATION JOURNEY

IonIdea has over 23 years of experience in Information Technology Solutions & Services, with its headquarters in the United States. The company's global offices are spread across India (Bangalore, Hubli), Europe, & Singapore. Our customer base is in the Telecom, Education, Government, Banking, Finance & Insurance, Retail, Pharmaceutical, and Software Product sectors. Our customers are located in the USA, Europe, Middle East, APAC and India.

IonIdea's Education Products division is spearheaded by SMEs who have several years of experience in Engineering Education and in the IT industry. We have been closely working with academia to design the products that meet the best practices. This suite of Web Based software products, help all types of institutions (Tier I/ Tier II. Affiliated, Autonomous, Deemed Universities and Universities) to design curricula for Outcome based education and generate necessary inputs and reports for the self-assessment of accreditation process. Since recently India has

signed Washington Accord, it is mandatory for engineering institutions to design, deliver, assess the curriculum for OBE and demonstrate attainment of student attributes via direct and indirect measures, and demonstrate continual improvement of curricula based on qualitative and quantitative data.

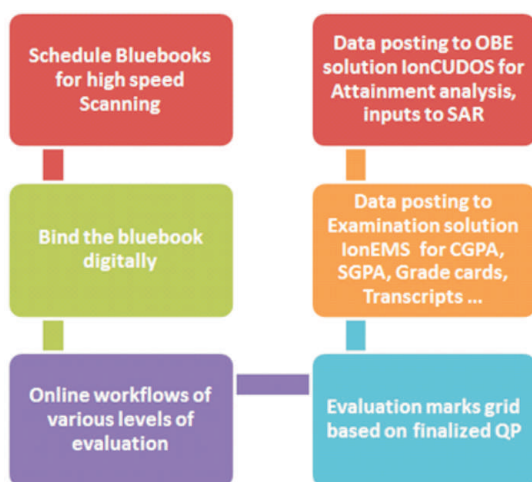

IonIdea helps institutions to institutionalize the software product/s through workshops, trainings, pilot implementations and on-demand telephonic / team-viewer based support. Software upgrades shall be provided on regular basis. Tutorials are provided for online reference.

For a Webinar/WebEx/Skype based demonstration or if you need any information, please contact our Product Sales Manager Mr. Mohammed Kaleem, Mobile : 09980459859. Or please write an email to ioncudos@ionidea.com or mohammed.kaleem@ionidea.com

IonCUDOS® is an innovative software solution from Ionidea for Designing Curricula, Delivery Planning, Assessment Planning, and demonstrating Attainment of Graduate Attributes for Outcome Based Education (OBE). IonCUDOS® (www.ioncudos.com) launches Institutions on a path towards OBE effectively and efficiently.

Users and Mentors : BVB College of Engineering, KLE Technological University, Rajarambapu Institute of Technology, PES College of Engineering Mandya...

Engineering institutions deal with high volume of answer-booklets in internal assessment and in term-end evaluation examinations and spend huge amount of time, effort, money in planning and conducting the evaluation manually, yet accuracy is not guaranteed. IonDVS® is an innovative platform that helps in minimizing the cost, time, effort and human errors in the entire process. The Solution addresses all exceptions and helps institutions to adopt online or offline digital valuation process, enabling seamless integration with OBE system and Examination system, thereby optimizing the data entry across systems...

Users and Mentors: PES CoEMandya, Dayanand Sagar CoE Bangalore, College of Engineering Pune...

IonEMS® is running in several autonomous engineering institutes in Karnataka successfully since 6-7 years. The solution is matured by addressing all the exceptions in the gamut and has graduated 5 batches till now! It automates entire examination section process – Registration to Graduation. Key outputs include CPGA/SGPA, Grade Cards, Transcripts, Statutory Reports, Mobility Reports and more!

Users and Mentors: PES CoEMandya, NIE Mysore, BMS CoE Bangalore, Dr. Ambedkar Institute of Technology
